Attention: Ms. Heidi Mayer  
Manager, Drug Abatement Branch  
Office of Aviation Medicine

Reference: ID# E-EA-00111-U (D-50-015)

Dear Ms. Mayer,

This letter is to inform you that effective May 1, 1997, Lockheed Martin Advanced Recorders (LMAR) was one of ten Lockheed Martin units established under a new company, L-3 Communications Corporation. As part of this new Corporation, Lockheed Martin Advanced Recorders (LMAR), Sarasota Florida, will be known as Aviation Recorders Division.

Please be assured that except for the name change, there have been no changes to the location, facility, or personnel involved with design, manufacturing, and/or maintenance of our TSO'd articles.

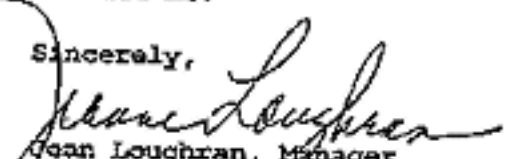

We are continuing our association with RAA Aviation Associates Anti-Drug Consortium as specified in our original plan

I am enclosing a new copy of our FAA Alcohol Misuse Prevention Program (AMPP) Certificate Statement with our name change for your stamp and approval. Both the drug and alcohol programs pertain to our MMF Certificate #MMF-321-14 and Repair Station Certificate #LD7R612J.

I hope this information is sufficient for you to issue a new Anti-Drug Plan Approval letter and AMPP Certificate Approval.

If there is any additional information required, please don't hesitate to contact me.

Sincerely,

  
Jean Loughran, Manager  
Human Resources
